Preparation of term project/field study report (including oral presentation)			
Preparation for final exam (including the duration of the exam)	1	15	15
	TOTAL V	VORKLOAD / 25	137/25=5.48
		ECTS Credit	5

Program Qualifications vs. Learning Outcomes Consider the program qualifications given below as determined in terms of learning outcomes and acquisition of capabilities for all the courses in the curriculum. Look at the learning outcomes of this course given above. Relate these two using the Likert Scale by marking with X in one of the five choices at the right.

o Program Qualifications				Contribution						
1 Togram waamoutono	0	1	2	3	4					
Be able to understand the relationships of several aspects of doing business globally within an interdisciplinary approach.			Х							
Have necessary and sufficient knowledge as well as the analytical ability to evaluate his/her knowledge and information in his/her field.			х							
Be able to adapt to rapidly changing global business environment and be open to new ideas and business practices.		х								
Have necessary skills required to implement his/her knowledge in real life situations and to develop an effective problem solving and decision making capabilities.	х									
Have the sufficient technical knowledge and the ability to improve his/her professional qualifications.				х						
Be able to understand and evaluate the problems in his/her field and to discuss and express his/her opinions clearly.			х							
Be able to understand the obstacles he/she faces in his/her field and to criticize them within an analytical point of view.		х								
Be able to propose possible solutions to problems faced within both national and international arena with an understanding of the importance of life-long learning and social responsibilities.		х								
Be able to use the theoretical and practical knowledge obtained in his/her field in analyzing and evaluating data.	х									
Be able to learn the second foreign language, if taken, at least in the European Language Portfolio B1 General Level					х					
Be able to work both independently and as a team member to solve problems in his/her field.			х							
Develop effective communication skills.					х					
	Have necessary and sufficient knowledge as well as the analytical ability to evaluate his/her knowledge and information in his/her field. Be able to adapt to rapidly changing global business environment and be open to new ideas and business practices.
